Good morning! I have reviewed this latest iteration for fire apparatus access. The fire district is supportive of this latest site plan as presented. It should be noted that while there are some utilities depicted, water supply and fire protection will be reviewed when the civil drawings are presented for review. Thank you.

Yours in public service,

Hi Mike,

The applicant resubmitted last Friday. Here is the fire compliance narrative they submitted for you to review and the revised binding site plan for you to download from the OneDrive link below. Tom and I accepted a sidewalk reduction to allow fire access around Building D. Please review and provide comments back to the City. If you need anything else, let me or the applicant know.
